Miss Reynolds is considered one of the best artists in America and people of Cleveland and vicinity are very fortunate in being able to study with her. Miss Reynolds will teach in San Francisco later this season.

—A man by the name of Brinker, who moved from West Salem to Lodi about three weeks ago, died in the latter village Sunday. He left no means with which to defray expense of burial and the commissioners of this county presented the facts in the case to the Wayne county commissioners with the result that the latter authorized the removal of the body back to West Salem for interment.

—The county commissioners at their meeting Monday would have taken final action in the matter of Dry Run ditch at Wadsworth, but on account of the illness of County Engineer W. F. Peters, the latter was unable to present the estimated cost of construction and approximate apportionment to land owners, and an extension of time was granted the engineer until Tuesday, May 4.

—During the past week Geo. Bartholomew disposed of his delivery business to John Moore and the latter took active charge on Wednesday. It is understood that Mr. Bartholomew contemplates locating in California in the near future, though he has not decided just when he will leave Medina. He was in Cleveland Wednesday and Thursday on business.

—In the semi-finals and finals of the amateur boxing tournament held at the Marotta Athletic club gymnasium, Cleveland, Tuesday night, Roy Moore of Medina was defeated by Jimmy Burns in the final. Moore stopped Leo Kelly in the first round for their semi-final in the 135-pound class, only to be defeated in the final by Burns. There were 13 bouts during the evening in the various classes and in the presence of a large crowd.

—A funny thing happened the past week with a gentleman whose wife pays the store bill. He has been in the habit of having his cigar bill charged as potatoes, and the other day his wife took her pencil and began to reckon. She finally found that they had eaten more than ten car loads of potatoes and she didn't believe the account was right. The grocer and the smoker are now between the upper and nether mill stones, and it is hard to tell who will be pulverized the finest at the close.

—At the beginning of the baseball season, when the squad was being organized, one new rule went into effect, that if any of the boys on the squad were found smoking, while in training, they would immediately be dropped from the team. Several were discovered violating this rule, which is strict, and were dropped. This together with the fact that it is compulsory to be in good standing in three of the four studies carried in course, is the reason why some of the Medina boys of baseball ability will not appear on the team this season.

CAL STEWART

Coming to the Princess Theater on Monday and Tuesday, April 19 and 20, Cal Stewart, The Village Story Teller. Cal Stewart, the man who made the phonograph famous and otherwise known as The Village Story Teller, will appear in Medina Monday and Tuesday, April 19 and 20 at Princess Theater. Cal Stewart has probably told his stories to more people than any other living man. He has made more talking phonograph records than any other living man and they have been sold by thousands wherever the English language is spoken. Stewart, in his make-up, is a typical good-natured old farmer, who is said to be one of the funniest farmer characters on the vaudeville stage. This will be his first visit to Medina, and in fact, will be his first visit to any theatre on any other than the large vaudeville circuits. If you want to see the man at whose phonograph record you have often laughed, come to the Princess Theatre.

The Broad Way
Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plan is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears best met these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you most for the money. They offer you the utmost possible in tires, measured by cost per mile. Doesn't their top place prove that?
